

GREENGAGE ENVIRONMENTAL LTD ENVIRONMENTAL & SUSTAINABILITY POLICY

Greengage Environmental Ltd, a consultancy to the built, natural and social environment, aims to provide our clients with sound, practical and timely advice, to enable the successful delivery of environmentally conscious and sustainable projects and schemes. We understand that environment responsibility is integral to successful business management and that the advice and services we offer have the potential to impact upon the environmental, economic and social values of projects and locations.

Greengage Environmental Ltd are therefore committed to protecting and enhancing the environment through our projects and services and to achieve this aim we will seek to reduce any adverse environmental impacts, and to develop a culture of continuous environmental improvement through:

- Compliance with relevant legislation, regulations and industry good practice as applicable;
- The prevention or minimisation of pollution potential by our actions and in the advice provided to clients;
- The minimisation of waste with a commitment to recovery, re-use and recycling as opposed to disposal where feasible;
- Encouraging our clients to adopt environmentally robust practices and design solutions within a development that safeguards and enhances the environment and social wellbeing;
- Striving for continual improvement in our performance and environmental awareness through our commitment to a programme of training and continual professional development for our employees;
- Setting and reviewing environmental objectives, targets and performance measures on an ongoing basis;
- Active communication of this environmental policy and providing our employees and other interested parties with an understanding of their role in influencing environmental improvement.

Our Environmental Policy is endorsed at board level with the Directors having direct responsibility for its implementation and communication through all Greengage Environmental Ltd operations. This Environmental Policy will be reviewed on an annual basis to ensure that the objectives are consistent with the services provided by the Company.
